

Supercool™

Engineered For Safety

KM 15

»» KM15 is an all-season tread pattern that is designed with good running properties. This tread pattern can be used for both road and off-road usage. Its transverse block-type tread design with directional open shoulders gives extremely good traction. With its open shoulders, this tread pattern also has great self-cleaning function.

As in all GIB Supercool revolutionary tread pattern, enhanced safety is a standard feature and the hallmark of German Engineering excellence.

TECHNICAL SPECIFICATION

FEATURES

- »»» Robust tread with very large contact area
- »»» Good transmission of traction forces particularly on unpaved surfaces
- »»» Very good self-cleaning due to open-shoulder design

Width		Depth	
(mm)	(inch)	(mm)	(inch)
130	5 1/8	12.0	15/32
140	5 1/2	12.0	15/32
150	5 7/8	12.0	15/32
160	6 1/4	13.0	16/32
168	6 1/2	13.0	16/32
180	7 1/16	15.0	19/32
194	7 5/8	15.0	19/32
