

Supercool™

Engineered For Safety

KH 34

»» For all-round tyre performance that is suitable for heavy commercial vehicles. The KH34 is certainly a notch above others in its range. Superb traction control and directional stability is the order of the day with its three wide circumferential grooves. It is “self-cleaning” due to its innovative “open tread” design and is brilliant on paved roads as well as rough terrains.

As in all GIB Supercool revolutionary tread pattern, enhanced safety is a standard feature and the hallmark of German Engineering excellence.

TECHNICAL SPECIFICATION

FEATURES

- »»» Longitudinal ribs with closed shoulders
- »»» Good performing all rounder on commercial vehicles
- »»» Good self-cleaning due to open tread design

Width		Depth	
(mm)	(inch)	(mm)	(inch)
